

Pre-Conference Workshops: Sunday, 9:00 A.M. – 11:30 A.M. (unless otherwise noted)

JCAMP 180 SPECIAL PROGRAM	JCAMP 180 SPECIAL PROGRAM	JCAMP 180 SPECIAL PROGRAM	Nosh and Network
GIFT6 Kick-off <i>Laurie Herrick, Mentor/GIFT Program Director, JCamp 180</i>	JTEC4 – Final Presentations <i>Kevin Martone, Technology Program Director, JCamp 180</i>	Data2Donors Intensive <i>Julia Riseman, Mentor/Data2Donors Program Director, JCamp 180</i>	
A mandatory session for participants in GIFT6 to launch our year-long course. Getting to know peers, and orientation of expectations will be the key outcomes of this session.	Participants in JTEC (JCamp 180 Training in Effective Communications) share their final presentations. Required for 4 th year JTEC participants.	This session is restricted to only those camps that have been accepted into the 2016/2017 session of Data2Donors. This program of JCamp 180 helps camps to improve their donor databases, increase alumni outreach, and advance major donor fundraising. We'll use our time together in this workshop to discuss Alumni Outreach and Volunteer Management strategies.	*Also on Sunday morning - beginning at 9 AM EST - we invite all other conference participants to join Mentors at our Nosh & Network session. We hope you will take advantage of this opportunity for early networking and peer discussions on "table topics" of interest to you. Coffee and continental breakfast will be available. No registration is required for this drop-in session, but please keep it in mind as you make your travel plans.
